

HONOR FLIGHT CHECK LIST (THINGS TO REMEMBER)

The recommended dress code for all activities this weekend is comfortable and casual, including the Friday and Saturday night dinners. We encourage you to wear your Honor Flight T-shirts where it has been noted on the itinerary. Please pack light in a small carry-on bag or suitcase.

Transportation Security Administration (TSA) Carry-On Requirements:

With certain exceptions for prescription and over-the-counter medications, the following rules apply to items carried through airport security checkpoints:

- All liquids, gels, and aerosols must be packaged in 3.4 ounce (100 ml) or smaller size containers. Larger containers that are partially filled or rolled-up toothpaste tubes will not be allowed. Each container must meet the 3.4 ounce size requirement.
- Air travelers may now carry liquids, gels, and aerosols in carry-on bags if these items are placed in a single, clear, quart-size, Zip-Lock plastic bag as shown in the photo. Gallon size bags or bags that are not Zip-lock secured (such as fold-over sandwich bags) are not allowed. Each traveler is allowed **one**, quart-size, Zip-lock, clear plastic bag.
- Travelers will be asked to remove these bags from their carry-on luggage and place them in a bin or on the conveyor belt for x-ray screening. Separating these items allows TSA security officers to easily x-ray and examine the declared material.
- Prescription medications may be packed in your carry-on bag.

Check ✓	Packing Checklist
	Photo Identification: Driver's License or other Government issued ID
	All medications - Honor Flight personnel do not assist with medications
	Comfortable shoes
	Sunglasses
	Sunscreen (3 oz bottle or smaller)
